A

Abderhalden, Dr. E., clinical investigation on methods of (Dr. J. O. Gavronsky), 119; Abwehrfermente, fourth edition, 1914 (review), 134; a critical study of (Dr. W. E. Bullock), 223
Abdomen, Acute, second edition, 1914 (Mr. W. H. Battle) (review), 607; Operative surgery of (Dr. E. H. Taylor), 556
Abdominal diseases, acute, and certain acute intrathoracic, differential diagnosis between (Lieut. C. Mackenzie), 796; cases, diagnosis in, 1028
Abdominal Operations, third edition, 1914 (Sir B. Moynihan) (review), 1137
Aberdeen, anthrax in, 211; and the war, 407; Royal Infirmary and the war, 407; school board, report of medical officer, 882; Royal Hospital for Sick Children, 888, 930; military hospital, accommodation in, 1160
Aberdeen University, pass list, 781; and the war, 888; members of, serving in the war, 522
Abortion and abortifacients, criminal (Dr. W. F. J. Whitley), 184
Abortion, missed, 840; professional secrecy in relation to, 97
Abscess, chronic cerebral, X ray diagnosis of (Dr. W. Glegg and Dr. H. Black), 124; brain, in a case of paratyphoid B. (Lieuts. R. L. Scott and W. H. Johnston), 882; liver, two extraordinary cases of (Mr. C. B. Pasley), 1076
Abscess, pelvic, after use of Fowler position, 923
Acceptable appreciation (Dr. S. S. Goldwater), 167
Accident, extraordinary (Dr. T. O. Thompson), 182
Accidents, extraordinary, 244; street, caused by vehicles, 762; industrial, in America, 1191
Achner, Mr. C. A., maxillary splint, 284
Acholuric jaundice (Dr. W. Harmens), 749, 880
Acidity, gastric, self-regulation of, 290
Acidosis in children, 1303
Ackerley, Dr. R., bacterial infections of projectile wounds, 992
Adami, Prof. J. G., and McCrae, Dr. J., Textbook of Pathology for Students of Medicine, second edition, 1914 (review), 185
Adams, Surg.-Col. A. M., obituary, 994
Adams, Mr. J. E., urinary calculus in pelvic portion of ureter, 857
Adamson, Dr. H. G. (1) circinate lichen scrofulosorum, (2) macular atrophy, 707
Adaptation? What is (Dr. R. E. Lloyd) (review), 185
Adeno-carcinoma (mesothelioma) of the kidney, 1234
Addison's disease, latent, revealed by necropsy, 493
Administration of the Pharmacy Acts, 339
Adrenalin solution, 610
Aerial attacks, precautions against, 83, 191, 349, 408, 1249
Aeroplane workers, new type of toxic jaundice due to tetrachlorethane poisoning (Dr. W. H. Willcox), 544, 555, 631
Africa, Central, trypanosomes causing disease in man and domestic animals, Croonian lectures delivered before the Royal College of Physicians of London (Sir D. Bruce), 1323
Africa, West, Yellow Fever Commission, reports of, 196; white man's burden, 1193
African tribes, childbirth among, 1355
"Against his own Body" (Mr. D'Arcy Power), clinical lecture, 171
Aid for the Belgian doctors and pharmacists, 345
Air as a source of explosives, 715
Air, Atmospheric, in Relation to Tuberculosis (Dr. G. Hensdale) (review), 808
Aircraft factories, prevention of dope poisoning in (Py Q), 413, 631; toxic jaundice due to tetrachlorethane poisoning at (Dr. W. H. Willcox), 544, 555
Air raids, 191; medical precautions against, 86, 349, 408, 1249; fires due to, 476
Alanson, Edward, a pioneer of surgical cleanliness, 30
"Alastrim," small-pox, varicella, and, 338
Albuminous culture media, sterilisation by ether (Dr. P. Fildes and Dr. L. W. Rajchman), 1232
Alcock, Dr. S. K., "anguillula aceti" in urine, 1180
Alcohol and the war, 44; duty-free, in laboratories (Py Q), 632, 1059; question, 927; indulgence in, by soldiers, 767
Alcoholic strength of beverages, alcohol question in relation to, 762; liquors, sale of, in House of Commons, 890; liquors, 946
Alexander-Adams operation, results of 250 cases, 806
Alexander, Dr. D. M., obituary, 677
Alexander, Mr. F. W., and Sibley, Dr. W. K., lice and rheumatism amongst soldiers, 346
Alford, Dr. H. J., cerebro-spinal meningitis, 967
Alimentary canal, sensations of 615
Alimentary Tract, (Dr. A. E. Barclay) (review), 757
Alkaptonuria, Wassermann's reaction, and ostitis deformans alkaptonurica, 1357
Allbutt, Sir Clifford, anginа pectoris, 829
Allen, Dr. C. W., Local and Regional Anæsthesia (review), 971
Allen, Dr. F. M., Studies Concerning Glycerine and Diabetes (review), 75
Allies, surgical dressings for, 940
Allies, wounded, Relief Committee, 303, 465, 888, 940
Alston, Dr. H., what is normal temperature? 580
Alton, Hospital for Crippled Children, 630
Amateurs, medical pretensions in, 450
Amblyopia, traumatic, psychology of, following explosion of shells (Mr. J. H. Parsons), 697; (Dr. J. S. Pemberton), 987; toxic, 1028
Ambulance, field, six months with bearer division at the front (Capt. S. J. A. H. Walsh), 1194
Ambulance, South African, for France, 51, 1207; construction commission, 107; French automobile, No. 1, 209; column, Scottish motor, 407; French Automobile Association, fund for, 408; Brigade, St. John (Py Q), 412; department of the Order of St. John in India, 471; trains in India, 510; corps, Bengali Volunteer Field, 510; motor, for French Red Cross, 575; work in Indian mines, 636; motor, presented by medical men of Devon, 1376; motor, in Italy, fund for, 1376

America, accidents, industrial, 1191
American Journal of Tropical Diseases and Preventive Medicine (review), 188
American surgeon's primer of the war, 31; women's war hospital at Paignton, 351
Amœbæ, parasitic, method of staining, 145
Ampsalvs, 25
Amputations in war surgery (Mr. M. Fitzmaurice-Kelly), 15, 31
Anæmia, splenectomy for, in enlarged spleens (Dr. G. Barling), 220; splenomegalic, 372; Treatment of (Le Traitement des Anémies) (H. Vaquez and Ch. Aubertin) (review), 557
Anæsthesia, intratracheal ether, 82; suggested removal of a sebaceous cyst under (Mr. J. W. A. Cooper), 183; in goitre operations, 246; general, influence of preliminary narcotics on, 913; prolonged, 1359, 1370
Anæsthesia, Local, translated, third edition, 1914 (Dr. H. Brawn) (review), 187; (Dr. J. T. Gwathmey) (review), 607; Local and Regional (Dr. C. W. Allen) (review), 971
Anæsthetic, vinegar as an, 511
Analysis, Quantitative Organic, Methods of (Mr. P. C. R. Kingscott and Mr. R. S. G. Knight) (review), 863

ANALYTICAL RECORDS FROM "THE LANCET" LABORATORY—
Adrenalin Solution, 610
Ampsalvs, 25
Antiformin, 918
Aquaperia, 610
Azoules, 26
Cocoas, two agreeable, 1352
Creamwort, 918
Creosalgen, Surgical, 2
Diabetic Biscuits, 283

Diffusol, 918
Dubetic, 26
Eau de Cologne, Caerwisc brand, 283
Energen bread, 1352
Filter Papers, Whatman, 284
Food, Gransalo, 1188
Food Products, Allenburys Concentrated, 1188
Ialine, 25
Lysol, 610
Malt Extract with Paraffin, 918
Medicated Gelatine Lamels, 283
Mineral waters, 918
Muscatel, Sparkling (Golden Guinea), 610
Oxydol, 1352
(1) Oxyntin, (2) Enzymol, 918
Paste, Antiseptic, 610
Piperazine citrate, 1352
Protargen, 1188
"Semprolin" Liquid Paraffin Preparations, 283
Soap, Scouts', 26; toilet, Lysol antiseptic, 1352
Tablets, Nucleo-protein, and Vaccines, 1188
Tri-mur-ti, 1352
Turtle Cup, Tubes of, 1188
Unguemol, 1188
(1) Urosolvene, (2) Iodatol, (3) Sanusin, 26
Vegetable and Meat Extract, 610
Whisky, Special Scotch, 610

Anatole France and morality (Dr. A. M. Ross), 255
Anatomy at the primary Fellowship examination (Mr. F. G. Parsons), 201
Anaboscopy, microscopical, of syphilis of the eye, 980; pathological, of retina and choroid after cutting off blood-supplies, 980
Anatomy, Quain's Elements of, eleventh edition, Vol II., Part II., 1914 (Sir E. A. Schäfer) (review), 23; Cunningham's Manual of Practical, sixth edition, 1914 (Prof. A. Robinson) (review), 134; Applied, Medical, for Students and Practitioners (Dr. T. B. Johnston) (review), 1237
Ancoats Hospital, Manchester, 630
"Ancient lights," 416
Anders, Dr. J. M., and Boston, Dr. L. M., a Text-book of Medical Diagnosis, second edition, 1914 (review), 77
Anderson, Dr. J., rupture of the heart in a child, 647
Aneurysm, arterio-venous, of femoral vessels, following bullet wound through left thigh Mr. W. M. Willis), 68; thoracic, 659; remarks on at Radcliffe Infirmary, Oxford Sir W Osler), 949; of the left ventricle, (1024
"Anger," 1136
Angina pectoris, 829
Angiosarcoma of retina, 979
Animal Experimentation and Medical Progress (review) (Prof. W. W. Keen), 1030
Animals, contagious diseases of, report on, 984
Animals, Natural History of (Zoological Philosophy) (Mr. J. B. Lamarck) (review), 74
Ankle, fracture of, new type, 666, 728
Ankylosis, bony, arthroplasty of knee for, 659; of elbow, 1295
Ankylostomiasis, some points in the circulatory system, new explanation for the murmurs (Mr. Abd El Aziz Ismail), 1175
Annales de l'Institut Pasteur (review), 1084
Annali dell' Istituto Maragliano (review), 25
Annals of Tropical Medicine and Parasitology (review), 557
Anthrax, case of (Dr. J. A. Bennett), 753; notification of, 102; in Aberdeen, 211
Anthropology of African Bantus, 451
Anti fly Exhibition, 1149
Antiformin, 356, 918
Antigua, pellagra in (Mr. W. M. McDonald), 127
Anti-inoculation campaign (Py Q), 353, 525, 1001, 1059
Antimalarial prophylaxis in Italy, results of, 687
Antimony, effects of, 1145
Antiseptic premier paste, 687; swab, useful, 894
Antistreptococcic serum, use of, in acute bronchitis (Mr. J. G. Hayes), 706, 716
Antityphoid inoculation (leading article), 190; and the press (Mr. H. Tod), 201; immunity against infectious disease, with special reference to (Dr. E. J. McWeeney), 265; typhoid and paratyphoid infection in relation to (Prof. G. Dreyer, Dr. E. W. A. Walker, and Capt. A. G. Gibson), 324, 403; the troops and, 349; in the British army (Py Q), 352, 472, 526, 576, 631, 632, 890, 1377; in Canadian contingent (Py Q), 353; in the army (leading article), 383; Liverpool doctors and, 408; British Science Guild on, 469, 572; what it has done for the army, 996; value of (report by Dr. L. S. Mackid to Canadian Pacific Railway), 1245

Medical officers, military, vacancies for, 52, 108, 208, 303, 472, 523, 574
Medical officers of the Italian army reserve, 252
Medical officers, pay of, in the Territorial Force (Py Q), 352, 353, 413, 576, 942, 943, 1002, 1269; promotion, 891, 942, 943, 1002; mentioned in despatches, 406, 777, 1372; need of the army for 572, 775; dearth of, 778; service, and the income-tax, 1042
Medical organisation and the war (leading article), 1248, 1265
Medical papers, German, notes from, 835, 887, 976
Medical practice on the East Coast, the position at Great Yarmouth, 342; at Gillingham and Chatham, 565; the dislocation of, 350; at Southampton, the war and, 719
Medical practitioner's day-book, 1110; civilian, and payment for attendance on soldiers' wives and families, 1268
Medical precautions in case of air raids, 88, 349
Medical pretensions in amateurs, 450; education of women, 451; representation on the Battersea borough council, 530; men and the lay press, 872
Medical prisoners of war, return of, 158, 302, 473; British and German officers, exchange of (Py Q), 1377; (Py Q), 1059; survivors from H.M.S. *Bayano*, 630; (Py Q), 890
Medical profession, mobilisation of, 1265; Canadian, and the war, 345; and needs of the army (leading article), 973, 1050, 1163; and the war, 1041; Brighton, and war service, 1314; of Ireland, meeting of delegates, 1361
Medical reciprocity with Belgium, 143, 337; in Ontario with Great Britain, 345
Medical Register, Belgian practitioners and the (Mr. A. J. Cockington), 252
Medical Research Committee (National Health Insurance) and work in connexion with the war (leading article), 1088, 1101
Medical School of Melbourne University, 387
Medical Service, a miniature Colonial, 635; at the front (Py Q), 944; organisation at the front, 1051; appreciation of, in Persian Gulf, 1197; Indian, promotions, 1256; and Scottish Emergency Committee, 36, 158, 1374
Medical Service, Army, looking backward, 305; Indian, History of, 1600-1913 (Lieut.-Col. D. G. Crawford) (review), 331; with the army, 632; Indian, pay of (Py Q), 942
Medical Sickness, Annuity, and Life Assurance Society, 200, 831, 1184
Medical Society of London, abandonment of second half of session (Dr. G. E. Gask and Dr. Herbert French), 152; (see also Medical societies)
Medical students and war service (Py Q), 1269

MEDICAL SOCIETIES.

ÆSCULAPIAN SOCIETY.—Exhibition of skiagrams demonstrating a case of appendix dyspepsia; Exhibition of cases, 18, 184, 442—Colitis and its treatment, 376—Jaundice, 605—Exhibition of cases and skiagrams, 708, 860
BRADFORD MEDICO-CHIRURGICAL SOCIETY.—X ray demonstrations; Functions of the connective tissue, 280 — Urinary incontinence; Vertigo; Indiscriminate use of purgatives, 755—Some remarks on diagnosis in abdominal cases; Some remarks on toxic amblyopia; End-results of gastro-enterostomy, 1028
EDINBURGH OBSTETRICAL SOCIETY.—Presidential address, 184
HARVEIAN SOCIETY OF LONDON.—Exhibition of cases, 260, 1081—Rodent ulcer, 497—Discussion on cerebro-spinal meningitis, 1026
HUNTERIAN SOCIETY.—Demonstrations, 211—Apparatus for producing pneumothorax; Vaccine-therapy, its present scope, 555—Exhibition of cases and specimens, 659
LIVERPOOL MEDICAL INSTITUTION.—Pityriasis rubra; Treatment of displacement of uterus; Incoördination of function in relation to disease; Annual meeting, 235—Principles and practice of the prophylactic use of typhoid and other vaccines, 555
LONDON DERMATOLOGICAL SOCIETY.—Exhibition of cases, 260, 525, 683, 970—The inhibitive action of X rays upon malignant growths, 970
MEDICAL SOCIETY OF LONDON.—Radiography in its relation to the present war; X ray director for the removal of foreign bodies in the tissues; Telephone attachment in surgery, 235—Discussion on gunshot wounds of the head, 373—Continued discussion on radiography in its relation to war, 439—Outbreak of toxic jaundice of a new type among aeroplane workers, 555—Election of officers, 1022—Exhibition of early books on naval and military surgery and other objects of medical and surgical interest, 1030
MEDICO-PSYCHOLOGICAL ASSOCIATION OF GREAT BRITAIN AND IRELAND.—Meningo-vascular syphilis, 441—"Anger"; Research in connexion with causation of insanity, 1136; Annual meeting in London, July 22nd, 1180
NORTH OF ENGLAND OBSTETRICAL AND GYNÆCOLOGICAL SOCIETY.—Marsupialisation of degenerated and infected fibroids; Rupture of uterus with fatal result; Exhibition of specimens, 330
NORTH STAFFORDSHIRE MEDICAL SOCIETY.—Exhibition of cases and specimens, 889, 970, 1180
OPHTHALMOLOGICAL SOCIETY.—Annual congress, 717, 928, 978
Papers: Diagnosis and treatment of bony tumours of the orbit (Mr. C. Wray); Intranasal treatment of dacryocystitis (Mr. W. D. Harmer); Injuries to the eye in warfare (Capt. A. W. Ormond); Cure of spontaneous detachment of retina by multiple scleral puncture (Mr. C. H. Walker); Retinitis pigmentosa treated by trephining (Mr. M. S. Mayou), 928—Papilloma removed from the upper canaliculus (Mr. F. A. Juler); Lymphangioma of the orbit with hæmorrhages (Dr. G. Mackay, Edinburgh); Discussion on ophthalmic injuries in warfare (Mr. W. H. H. Jessop, &c.), 929—Discussion on detachment of the retina (Mr. M. S. Mayou, &c.), 978—Angiosarcoma of retina (Mr. C. Walker); Eye symptoms in Kaposi's disease (xeroderma pigmentosum) (Mr. F. R. Cross), 979—The microscopical anatomy of diseases of the eye (Mr. A. Greeves); The pathological anatomy of the retina and choroid after the complete and partial cutting-off of their respective blood-supplies (Mr. A. Greeves); Apparent accommodation with aphakia (Mr. T. Collins); Epibulbar epithelioma completely disappeared after the application of radium bromide (Mr. T. Collins), 980—(1) Dystrophies of cornea and glaucoma, (2) primary pneumococcal choroiditis, (3) artificial maturation of cataract, (4) sarcoma of socket (Mr. G. Clegg); Dissolving senile cataract in the early stages (Mr. W. B. I. Pollock); The capsular opacities of Morgagnian cataract (Lieut.-Col. H. Herbert); Hyperplasia with colloid and amyloid degeneration of the episcleral and circumdural fibrous tissues (Mr. G. Coats), 981
Demonstrations: Choroid and retina of the fruit-bat (Mr. G. Coats); Parasites in eyelid and anterior chamber in animals (Mr. Coats); Filaria from the anterior chamber of the horse (Lieut.-Col. W. G. Pridmore and Mr. Coats), 929
Clinical meeting: Exhibition of cases, 979
ROENTGEN SOCIETY.—X ray localisation methods; Discussion on methods of protection of X ray operators, 1345
ROYAL ACADEMY OF MEDICINE IN IRELAND (SECTIONS)—
Anatomy and Physiology.—Exhibition of skiagrams and specimens; Estimation of the degree of brain development from endocranial casts; Electrolytic reduction; Electrocardiographic method of estimating condition of heart muscle; Heart-block produced by yohimbin and quebrachin; Action of rennin; Effect of racemic arginin on excretion of creatinine and creatine; Urinary acid index; Electrocardiograph and its usefulness in diagnosis and prognosis, 1150
Medicine.—Exhibition of case; Radium therapy in uterine cancer, 440—Exhibition of cases of lupus vulgaris; X ray treatment of ringworm; Prophylactic inoculation against tuberculosis, 708—Dermatitis herpetiformis; Urinary concretions; Cases of Landry's paralysis, myasthenia gravis, and epileptic automatism, 1135—Case of leprosy; Use of vaccines in treatment of respiratory diseases, 1296
Obstetrics.—Fixed chronic retroversion of the uterus; Exhibition of specimens, 328
Pathology.—Adeno-carcinoma (mesothelioma) of the kidney; Congenital cystic kidneys, 1234
State Medicine.—The Vaccination Acts, 376—The recent outbreak of cerebro-spinal meningitis in the Dublin military districts, 914
Surgery.—Exhibition of specimens; Intestinal stasis, 132—Exhibition of cases, 440, 1295—Theory and technique of a new method of radium therapy, 441—Exhibition of patients; The rôle of high-frequency current in the treatment of tumours of the bladder, 659—Localisation of modern projectiles, with reference to a special method of surgical technique in their removal, 1027—Bridge method of skin grafting, 1295
ROUEN MEDICAL SOCIETY (R.A.M.C.).—Discussion on typhoid fever, 602
ROYAL SOCIETY OF MEDICINE (SECTIONS)—
Anæsthetics.—The influence of preliminary narcotics on general anæsthesia, 913
Clinical.—Exhibition of clinical cases, 372, 600; So-called frost-bite, 372, 627—Osteotomy of the tibiæ; Self-mutilation of the penis in boys, 1079
Dermatology.—Exhibition of cases and specimens, 18, 234, 496, 707, 969
Electro-therapeutics.—Discussion on the electrical treatment of wounds, sinuses, frost-bite, and sprains, 494—Exhibition of cases and specimens, 658—The late Dr. Lewis Jones, 858—The standard meal for X ray examinations; Electrical treatment of stasis; Glycosuria in chronic intestinal stasis; Simple peptic ulcer of œsophagus treated by ionisation; Exhibition of skiagrams, 859
Epidemiology and State Medicine.—Discussion on the epidemiology of cerebro-spinal meningitis, 553
Laryngological.—After-treatment of submucous resection of the nasal septum without splints; Exhibition of cases and specimens, 373, 657, 1080—Annual general meeting; Cases of warfare injuries and neuroses, 1080
Medicine.—Hypernephroma, 492—Latent Addison's disease, 493—Leukæmia, 968
Obstetrics and Gynæcology.—Exhibition of cases and specimens, 131, 1079—Sarcoma of cervix and of broad ligament; Cancer of cervix; Hysterectomy for ante-partum hæmorrhage, 131—Ruptured unilateral solid cancer of ovary removed; Squamous-celled carcinoma; Inversion of uterus; Exhibition of specimens, 371—Unusual degeneration of the cervix; The "Dublin method" for the third stage of labour; The Alexander-Adams operation, 806—Infundibulin in primary uterine inertia and in the induction of labour; Complete inversion of the vagina; Diphtheritic stenosis of the vagina; So-called true hermaphroditism, 1079

Ophthalmology.—Cerebral degeneration associated with macular changes; Exhibition of cases and of a trench periscope, 328—The Montessori system and its use for children with defective vision; Education of children with defective vision; Exhibition of clinical cases, 601—Exhibition of cases; Retinitis of pregnancy, 1294

Otology.—Tuberculosis of the auditory apparatus, 439

Pathology.—Tyrosine as an aid in the demonstration of the *de novo* origin of living organisms; Aneurysm of the left ventricle; Arc light method of isolating typhoid organisms and agglutination method, 1024

Psychiatry.—The application of physiology to the study of mind in health and disease, 279—The thyroid gland and mental disorder, with especial reference to hypothyroidism; Exhibition of cases and specimens, 1025

Study of Disease in Children.—Exhibition of cases and specimens, 73, 233, 754; Suppurative parotitis after pneumonia, 754—Localising brain symptoms as early events in tuberculous meningitis; Demonstrations of cases and specimens, 1179

SOCIETY OF MEDICAL OFFICERS OF HEALTH.—Criminal abortion and abortifacients, 184—Civil health officers and assistance to the military authorities in time of mobilisation or war, 442—Etiology of diphtheria, 658—School medical service group, 724

ULSTER MEDICAL SOCIETY.—Diagnosis in phthisis; Acute intestinal obstruction; Scarlet fever in Belfast, 133—Exhibition of specimens, 280—Cæsarean section, 377—Instantaneous skiagraphy; Mechanism of enlarged prostate, 497—Surgical aspects of hyperacidity, 673—Election of office-bearers, 1305

WEST LONDON MEDICO-CHIRURGICAL SOCIETY.—Exhibition of specimens, 304, 330—X ray appearance of some common disorders of the stomach, 604—Exhibition of cases, 859—Some developments in the management of labour, 1027—Functional palsies and their recognition, 1234

Medical staff of the Viceroy of India, 260
Medical students, enlistment of (Py Q), 413; military, strike at Lahore, 1094; and war service (Py Q), 1377
Medical students, shortage of, 30
Medicated gelatine lamela, 283
Medicinal compounds, effect of the spirit tax on the cost of, 975; alcohol, duty on (Py Q), 1059

MEDICINE AND THE LAW.—Medical certificates and the educational authorities; Prescriptions by telephone; A pernicious quack sentenced, 340—Dr. F. J. Waldo's annual report; Stevens *v.* British Medical Association, 1043; The verdict "Guilty, but insane," 1199—London Insurance Committee and allotment of insured persons, 1200—Modern echoes of a famous crime: trial of the Stauntons, 1363

Medicine case, personal, for use on active service, 214
Medicine, Clinical, a Treatise on (Dr. W. H. Thomson) (review), 20; some uses of static electricity in, and surgery (Mr. J. J. Grace), 180; Text-book of Pathology for Students of (Dr. J. G. Adami and Dr. J. McCrae), second edition, 1914 (review), 195; and surgery in war (leading article), 242; in Germany, popular, 282, 306; Forensic, and Toxicology, fifth edition, 1914 (Dr. J. D. Mann) (review), 230; women in, the opportunity for, 563; Catechism Series (review), 1237
Medicine, preparation of, and immature spirits (Py Q), 1003, 1106, 1143, 1378; and the Civil List, 1372
Medico-legal points in connexion with the new British Pharmacopœia, 503
Medico-military papers, 152
Medico-Psychological Association of Great Britain and Ireland (see Medical Societies)
Melbourne University, Medical School of, 387; practical loyalty, 1368
Mellor, Mr. J. W., Introduction to Modern Inorganic Chemistry (review), 24
Meltzer, Dr. S. J., magnesium sulphate in the treatment of tetanus: a simple apparatus for pharyngeal insufflation, 1330
Melville, Dr. S., value of "tidal percussion" as early diagnostic sign in pulmonary tuberculosis, 658
Memory, loss of, due to exposure (Dr. H. J. Cooper), 278
Mencière, Dr. L., embalmment of septic wounds, 269
Meningitis, cerebro-spinal, epidemic (leading article), 612; (Mr. E. N. Butler), 692; (Dr. A. C. Coles), 750, 1046; collosol argentum in, 784; epidemic (Dr. F. E. Batten), 964; case of (Dr. H. J. Alford), 967
Meningitis, cerebro-spinal, 184, 464, 516, 828, 823; discussion on, 553, 673, 1026; (Py Q), 525, 526; in Belfast, 821, 876; meningococci found in peripheral blood films, 881; in the Dublin military district, 914; vaccination against (Py Q), 1106
Meningitis, septic, certain peculiar crystals found in the cerebro-spinal fluid from a case of (Dr. W. D. Thomson), 663, 881; tuberculous, brain symptoms, 1179
Meningococcus and diphtheria carriers, 880
Meningo-vascular syphilis, 441
Mental After-care Association, 468, 889
Mental Defects, on the Graduated Character of, and on the Need for Standardising Judgments as to the Grade of Social Inefficiency which shall Involve Segregation (Prof. K. Pearson) (review), 20; strain, treatment of, amongst soldiers (Py Q), 352, 412, 632, 1316, 1317; patients, uncertified (Py Q), 577
Mental Deficiency Act, fees under, 356
Mental disorder, the thyroid gland and, with especial reference to hypothyroidism, 1025
Mental Disorders, Insanity and Other, Text-book of, second edition (Dr. C. A. Mercier) (review), 1349
Mental strain in soldiers, treatment of (Py Q), 1377
Mental Treatment Bill, 890, 935, 941, 989, 1098; (Py Q), 1103, 1154
Mentioned in despatches, medical officers, 406, 777, 1372
Menzies, Mr. C. D., presentation of residence as a military hospital, 523
Mercantile marine, sight tests in (Py Q), 576
Mercier, Dr. C. A., leper houses and mediæval hospitals, 33, 89; (review), 1298; Mental Treatment Bill, 1154; Text-book of Insanity and Other Mental Disorders, second edition (review), 1349
Meteorological readings, 56, 113, 169, 215, 307, 357, 417, 476, 531, 581, 636, 689, 735, 785, 840, 895, 947, 1006, 1062, 1111, 1165, 1215, 1272, 1321, 1380
Metric system, a possible danger in connexion with, 506, 579
Metropolitan Asylums Board hospitals, sequence of illnesses in (Py Q), 577; lectures and demonstrations, 765
Metropolitan Hospital Sunday Fund, 47, 235; (leading article), 1247; appeal of Lord Mayor of London, 1259
Metropolitan Water Board and medical attendance, 158; supply, report, 1351
Meyer, Dr. Hans H., and Gottlieb, Dr. R., Pharmacology, Clinical and Experimental, translation (review), 331
Middlesex Hospital, quarterly meeting, 1211
Middlesex, proposed new sanatorium (Py Q), 1269
Midlothian Local Medical Committee, 621
Midwives and moral character (leading article) 1353
Midwives, Association for Promoting and Training the Supply of, 468; Indian, training of, 840
Midwives' Companion, the (Félicie Norton) (review), 333; a Text-book for (Dr. J. S. Fairbairn) (review), 498
Migraine, scotoma of (Dr. F. W. Edridge-Green), 847, 935, 992
Mikulicz's disease, 617
Milan, military hospitals, 1267
Miliary tuberculosis, the blood picture in its diagnostic value, 563
Military assistant surgeons and Government of India, 1157; and hospital nurses, 1197
Military claims, civilian service and (leading article), 286; service de santé, 523; hospitals, private houses as (Py Q), 577; encampments, medical stores at (Py Q), 631; medicine, sidelights on, 886; medical students' strike at Lahore, 1094; service, Plymouth medical men and, 1095; and Cornish medical men, 1376; medical officers and contributions to medical journals, 1103; hospitals, new, Glasgow, 1209; Newcastle, 1314; chamber of horrors, 1210
Military honours, 1262, 1369
Military Surgeon, the (Chicago) (review), 915
Milk and Dairies (Consolidated) Bill, 1058; postponement, 1316, 1378
Milk and milk powders, condensed, bacteriology of, 385; National Clean Society, "infants' welfare" station, 1264, 1320
Milk, watered, freezing point of, 614; nature of the cellular elements present in (Prof. R. T. Hewlett and Mr. C. Revis), 855; Bibby's Book on (review), 1032
Miller, Dr. A. H., sperm oil tubercle bacilli, their biological significance, 704
Miller, Dr. C., some observations on 376 cases of frost-bite, 801
Miller, Dr. R., the theory of salicylate therapy in rheumatic infection, 175; inherited syphilis with Wassermann reactions, 755
Milligan, Sir W., after treatment of submucous resection of the nasal septum without splints, 373; chronic lymphangitis of the nose, 375; bone impacted in the left bronchus, 657; warfare injuries and neuroses, 1080
Mills, Dr. T. W., obituary, 466
Mills, Lieut. C. H., and Ffrench, Maj. E. G., severe case of intractable syphilis treated satisfactorily with hectine, 1338
Milroy, Dr. J. A., application of electrolytic reduction, 1180
Milroy, Prof. T. H., action of rennin, 1180
Mind, the, at Work, a Handbook of Applied Psychology (Mr. G. Rhodes) (review), 379; Know Your Own, a Little Book of Practical Psychology (Mr. W. Glover) (review), 380
Mineral waters, natural, of Vergèze, France (Source Perrier), analysis of, 1033
Mineral waters, 918
Miners' nystagmus, insanity due to, 1092
Ministries of public health, 922
Minute quantity, physiology of the (leading article), 336
Missed abortion, 840
Mist-ponds or dew-ponds, 616
Mitchell, Dr. W., urinary incontinence, 755
Mitral valve, unusual rupture of the (Dr. A. M. Kennedy and Dr. J. B. McDougall), 550
Mobilisation of the medical profession, 1265
Moir, Dr. J. L., prophylactic treatment of puerperal infection by dilute sulphuric acid, 149
Mollison, Mr. W. M., epithelioma of the larynx, 668
Molluscum contagiosum cured by X rays (Staff-Surg. L. F. Cope), 1178, 1179
Monod, Dr. G., detection of projectiles in wounds by the electro-magnet, 1098
Monster, double (Lieut.-Col. B. R. Chatterton), 1178, 1179
Monsters and Schreckliehkeit, 1319
Montenegro, disinfectants needed for, 779; Red Cross in, 1159
Montessori system, benefit of, 1211
Monzón, Dr. D. R. L., Artrocaces (Artritis Tuberculosas) (review), 239
Moody, Dr. A. R., miner's nystagmus, case, 1180
Moore-Anderson, Staff Surg. W. G., R.N. (see Obituary of the war)
Moore, Dr. G., death of, 1315
Moore, Mr. J. M., death of, 1056
Moore, Mr. L., vermin in the trenches, 529
Moore, Mr. R. F., lipæmia retinalis, 366
Moore, Sir J. W., uterine cancer, 440; medical certificates and the exploitation of the medical profession, 914, 922
Morality, physiology and (Dr. H. Campbell), 254; Anatole France and (Dr. A. M. Ross), 255
Morison, Dr. B. G., obituary, 301
Morison lecture, the new psychiatry (Dr. W. H. B. Stoddart), 573, 639, 689
Morley, Mr. J., some conditions that simulate chronic appendicitis, 62
Morphia, production of (Py Q), 1002
Morphœic scleroderma, 496
Mort, Dr. S., osteoplastic resection of the skull in decompression operations on the brain, 65
Mortimer, Dr. J. D., improved (Doyen's) mouth-gag, 46; treatment of gas poisoning, 1262
Mortimer, Dr. W., obituary, 623
Morton, Dr. E. R., Text-book of Radiology (review), 808; X ray appearances of some common disorders of the stomach, 604; standard meal for X ray examinations, 858
Mosquito-borne diseases, Louis Daniel Beauperthuy and, 513, 675, 725
Mothercraft (review), 333
Mothers, schools for (Py Q), 1107
Motor ambulances at the front (Py Q), 1106; presented by medical men of Devon, 1376; in Italy, fund for, 1376
Motor-car volunteer corps in Edinburgh, 1054
Motor operation theatre, 776
Mott, Dr. F. W., the application of physiology to the study of mind in health and disease, 279; changes in the nervous system in hypothyroidism, 1025
Mouth-gag, an improved (Doyen's), 46
Moynihan, Col. Sir B., frost-bite, 401; Abdominal Operations, third edition, 1914 (review), 1137
Mud, sugared radio-active, sterilised, treatment of large wounds by, 1307
Muirhead, Dr. I. B., dyspepsia or ulcer, 706
Mumford, Dr. A. A., remarks on the estimation of physique and stamina for school purposes, 115
Mumford, Dr. J. G., Practice of Surgery, second edition, 1914 (review), 710
Mumps (Dr. A. Felling), 1191

Murray, Dr. J. A., appointed acting director of the Imperial Cancer Research Fund, 195; general superintendent, 872
Muscatel, sparkling (Golden Guinea), 610
